Matrox announces new Millennium P650 LP PCIe 64 graphics card

Features robust DualHead® and Dual-DVI support for small form factor PCI Express PCs for the 2D financial, insurance, legal and general corporate use multi-display markets

Montreal, Canada, May 3rd, 2005 — Matrox Graphics Inc., the leading manufacturer of professional graphics solutions, today announced the new Millennium P650 LP PCIe 64 graphics card, complementing Matrox's existing product line to fully address the graphics needs of the 2D multi-display markets including financial, insurance, legal and general corporate use. Ideal for those who want a graphics solution based on the latest architecture, this product highlights Matrox's commitment to provide cutting-edge products for those who choose to transition to the PCI Express platform.

"Based on proven technology, the new Millennium P650 LP PCIe 64 graphics card offers superior image quality, reliability and impressive 2D performance to customers using small form factor PCI Express personal computers," says Jean-Lévy Beaudoin, senior product manager, Matrox Graphics Inc. "This low-profile, native PCIe x16 card, provides customers with a way to support pivoting flat panels through the Matrox Pivot feature, making it one of the more versatile cards available today."

The Millennium P650 LP PCIe 64 has native x16 support and offers Matrox's signature digital and analog feature set including support for up to 1920 x 1200 digital resolution as well as multi -display features such as flexible display configurations and resolutions, Matrox Clone, Matrox Pivot/Portrait and customizable unattended install. Full-featured and compact, the Millennium P650 LP PCIe's half-length, half-height board design allows it to fit in today's next generation systems.

The Millennium P650 LP PCIe 64 is supported by unified and WHQL-certified drivers to offer Matrox legendary stability and deliver Matrox renowned, crystal-clear image quality. Matrox PowerDesk SE, a window management suite utility, allows you to change display settings or access Matrox's features.

Pricing and Availability

The Millennium P650 LP PCIe 64 will be available in Q2 2005. This product will be available from authorized resellers or directly from Matrox at <http://shopmatrox.com>. For more information, please contact Matrox sales at 1-800-361-1408, or 514-822-6330, or email insales@matrox.com.
