## **Matrox announces new Millennium G550 LP PCIe graphics card**

World's first low-profile PCI Express™ x1 graphics card featuring productivity-enhancing DualHead® support for space-saving Small Form Factor (SFF) PCI Express PCs

**Millennium G550 LP PCIe** Montreal, Canada, August 3rd, 2005 — Matrox Graphics, the leading manufacturer of graphics solutions for professionals, announces Matrox Millennium G550 LP PCIe, the world's first low-profile PCI Express x1 graphics card, bringing advanced dual-display functionality to the financial, insurance, legal and general corporate use multi-display markets. Compatible with any compliant PCI Express slot (x1, x4, x8 and x16) due to its distinctive PCIe x1 design, this low-profile graphics card is designed to fit Small Form Factor (SFF) systems as well as full-size desktops enabling easy integration into a wide range of PCs. The Millennium G550 LP PCIe essentially doubles your desktop workspace by allowing output to a second digital or analog display, dramatically enhancing workflow and productivity.

"Matrox is pleased to be the graphic industry's first to launch a low-profile PCI Express x1 graphics card," says Jean-Levy Beaudoin, business development manager, Matrox Graphics. "The Matrox Millennium G550 LP PCIe's low-profile design adds versatility to the popular Millennium G550 Series product line as it's able to accommodate a wide variety of PCI Express systems. In addition, its distinctive PCIe x1 design is ideally suited for systems with no available PCIe x16 slot."

The Millennium G550 LP PCIe is equipped with 32 MB of DDR memory and provides exceptionally high-quality support with a maximum resolution of 2048 x 1536. It also boasts multi-display features that include Matrox Clone and Matrox Multi-Display Zoom in addition to resolution support for Stretched and Independent desktop mode.

The Millennium G550 LP PCIe is supported by unified and WHQL-certified drivers that offer Matrox legendary stability and that deliver Matrox renowned, crystal-clear image quality. With the use of Matrox PowerDesk SE, a window management suite utility incorporated in the drivers, a financial or enterprise professional has the freedom to change display settings or access Matrox features effortlessly.

### **Pricing and Availability**

The Millennium G550 LP PCIe will be available in Q3 2005 at a list price of \$169 USD. This product will be available from authorized resellers worldwide or, in North America and Europe, directly from Matrox at <http://shopmatrox.com>. For more information, please contact Matrox sales at 1-800-361-1408, or 514-822-6330, or email [insales@matrox.com](mailto:insales@matrox.com).
