Matrox Graphics Announces New Distribution Partnership with Man and Machine

Value added distributor to offer entire Matrox multi-display graphics product line to the UK digital design market

London, UK, September 21st, 2009/PRNewswire/ —Matrox Graphics Inc., the leading manufacturer of specialized graphics solutions, is pleased to announce a new distribution partnership with value added distributor [Man and Machine Limited](#). The digital design focused company will be distributing the full range of Matrox multi-display products including [add-in graphics cards](#), [Remote Graphics Units](#), and [Graphics eXpansion Modules](#).

"Matrox is delighted to expand our UK distribution network with Man and Machine", says Cecilia Wills, Country Manager, Matrox Graphics UK. "Man and Machine's familiarity with the digital design community will allow them to provide advanced, customized multi-monitor workstations, especially to [CAD professionals](#) seeking an extended platform."

A pioneer in multi-monitor graphics technology, Matrox offers the most extensive line of [multi-display graphics solutions](#) on the market today. The Matrox product line includes an array of [dual, triple, and quad graphics cards](#), as well as specialized technologies for professional environments that require [graphics expansion technology](#) (external multi-display upgrades), and multiple monitor support in [remote desktop sessions](#).

"Man and Machine is committed to delivering the very best as a value added distributor and this extended partnership with Matrox Graphics reinforces our company philosophy," says Richard Robertson, Sales and Business Development Director, Man and Machine. "With distribution privileges for Matrox's specialized graphics product line, Man and Machine can now readily provide the most advanced solutions for any multi-display computing environment in the UK."

About Man and Machine

Man and Machine Limited distributes a range of products to the digital design community. The company specializes in CAD (Computer Aided Design) software, which is distributed via its resellers to companies across the UK. As a value added distributor, Man and Machine not only provides an array of products, financial and logistical services to its customers, but also provides marketing, sales assistance and technical support to both its resellers and suppliers. The company is recognized for its ability to develop business outside of the established model via business creativity and innovation. For more information, [visit Man and Machine Limited](#).
